### The Smart Watchman Tank Pack

All EcoSafe tanks now come complete with **The Smart Watchman Tank Pack**, which includes a **Watchman Sonic Advanced Tank Monitor** (Transmitter & Receiver), **Watchman SENSIT USB Receiver**, **PTFE tape**, and the **Kingspan 2-Part Valve**.

With the **Watchman SENSIT USB Receiver**, you can receive low-level alerts, sudden drop alerts, predicted run-out notifications, and monitor consumption directly from your phone. This allows you complete control over your oil levels without being tied to a single location.

The new **Kingspan 2-Part Valve** features a safe isolation shut-off valve and a 40-micron particle filter. It offers instant isolation, debris removal, and pollution-free operation, saving hours of labour by eliminating the need to drain the tank for filter replacement.

Suitable for: Grade A2 Gas Oil (BS2869), Grade D Gas Oil (BS2869), Grade C1/C2 Kerosene (BS2869), Diesel fuel (EN590), Paraffinic diesel fuel (EN15940), Biofuel/HVO (EN15940).

\*The CE mark applies to the primary storage tank.  
\*\*10 year warranty applies to tank only.
