|          |               |
|----------|---------------|
| Capacity | 2700 Litre    |
| Length   | 1930mm        |
| Width    | 1320mm        |
| Height   | 1250mm        |
| Weight   | 399kg (empty) |

## General information

A 2700 litre steel bunded oil tank suitable for both domestic and commercial applications. Made with Imperium® Technology.

## Imperium® Technology:

Combines Atlantis Tanks' own precision tank design with a highly efficient manufacturing approach. The result is a well-engineered steel bunded oil tank with added usability and functionality.

## Suitable for

Heating oil, kerosene, Hydrotreated Vegetable Oil (HVO), diesel, waste oils and many other liquids (please check before usage).

## Connections

- ✓ 1" bottom outlet
- ✓ 1.5" bund socket for bund alarm probe
- ✓ 2" tank to bund vent
- ✓ 2" bund vent

## On removable fittings plate:

- ✓ 2" fill point with aluminium drip cap
- ✓ 2" top socket as a spare connection
- ✓ 1.5" port for contents gauge
- ✓ 1" socket with internal suction pipe

## Materials & Compliance

Structural steel grade S275 JR that meets the BS EN10025-2:2004 standard. Complies with BS 700 pt5 for design & construction of carbon steel oil storage tanks.

## Exterior finish

2 coats of our specially formulated anti rust coating system designed to give maximum protection .

## Warranty term

10 year warranty subject to T's & C's. Each tank is provided with a warranty manual.

## Recommended base size

We recommend along with current regulations a base size which extends 300mm all the way around the tank.

**Length:** 2530mm **Width:** 1920mm

## Specification

- ✓ 3 full length bearers
  - ✓ Small tin of "touch-up" paint for applying when scratches might occur during the installation process.
- Standard colour: Holly Bush Green.
