

# Waste Oil Tanks

## Data Sheet

Capacities from 1,000 - 2,500 Litres

### Benefits

- **Durability**

The tanks are moulded from high quality, impact and UV resistant polyethylene. Rigid construction makes them resistant to mechanical damage

- **Environmental protection**

The advanced bunded design and leak detection system provides excellent protection against oil leaks and spills

- **Simple installation**

Does not require any sub-base, casing, collector tanks or special connections

- **Warranty**

All Kingspan bunded tanks are covered by a ten-year warranty\*

# Waste Oil Tanks

The Kingspan range of bunded waste oil tanks offers a strong and reliable waste oil storage solution for your commercial and industrial properties. All tanks have been specially manufactured to comply with the Control of Pollution (Oil Storage) regulations and site Health and Safety regulations.

## Technical Specifications

## Standard Equipment:

- Special inlet with a lockable lid holding up to 20 litres with a plastic strainer
- All tanks come standard with a vent and tundish
- Bundman leak detection system fitted as standard
