

# DIESEL Storage & Dispensing

Harlequin®  
**StorageTanks®**

RELIABLE CONTAINERS

## Harlequin Fuel Tanks

The Harlequin range of quality Fuel/Diesel Tanks are the first choice in onsite refuelling, available in capacities from 420 to 10,000 litres with Slimline options. The perfect system for all needs, you have a choice of a complete forecourt style Fuel Station, simple Fuel Point or transportable tank.

## Product Options

**Fuel Stations** - A forecourt style refuelling system which comes complete with a range of added value technologies.

**Fuel Points** - A straightforward basic refuelling system without forecourt style technologies, for minimal or individual needs.

**Transfuel** - A convenient and compact portable fuel dispensing tank for refuelling on location.

## Benefits of a Harlequin Fuel Tank:

- **Convenient Bulk Storage** - As well as being much more convenient to have your own dispensing point, bulk storage can allow you to significantly reduce your costbase.
- **Non-Corrosive** - Manufactured from Medium Density Polyethylene (MDPE) your Harlequin tank will not corrode.
- **Integrally Bunded** - Designed to protect the surrounding environment, all tanks are bunded preventing pollution if the internal tank was ever to leak.
- **Excellent Design** - Easy access doors and lids with all tanks having a secure way to be locked.
- **Simple System** - Choose a Fuel Point for a simple and reliable dispensing system.
- **Forecourt Style Refueling** - Choose a Fuel Station for added value technologies to give you forecourt style refuelling.
- **Transportable** - Or, choose the Transfuel Bunded for an easy transportable refuelling system.

All Harlequin Fuel Tanks comply with UK & Ireland storage regulations.

## ABOUT HARLEQUIN MFG

Being one of Europe's largest manufacturers of rotationally moulded plastic tanks, we've been at the forefront of product developments for over 35 years. From our base in Northern Ireland we design, manufacture and deliver our tanks all over the world.

With your Harlequin tank you can be assured you have the best solution for your needs. Our unrivalled reputation for quality is backed up by our 9001, 14001 and 18001 Management System Certifications.

## OPTION 1 Fuel Station (FS)

Product Codes:

1300SLFS | 1400FS | 2500SLFS | 2500FS | 3500FS | 5000FS  
7500FS | 10000FS

Harlequin Fuel Stations provide forecourt style refuelling convenience and come complete with a range of added value technologies as standard.

Standard with all Fuel Stations:

- Fully Bunded
- 56L/min 240Volt fuel pump (4)
- Mechanical flow meter (1)
- 10Micron particulate & water filter (5)
- 4m delivery hose; 3/4" delivery hose - 1300SLFS, 1400FS
- 6m delivery hose; 3/4" delivery hose - 2500FS & above
- Auto shut-off nozzle
- Bulkhead light (3)
- 2" BSP fill point
- 4" lockable inspection port

- LRC overfill prevention probe
- Electronic Level Gauge (2 or 6)
- Fuel Management System (8)

Optional Equipment:

- 72L/min fuel pump (7)
  - Fuel Management System upgrade available on other fuel stations (8)
- \*Available in lower voltages

## OPTION 2 Fuel Point (FP)

Product Codes:

1300SLFP | 1400FP | 2500 SLFP | 2500FP | 3500FP | 5000FP

Ideal for smaller installations where the added value technologies are not required. Harlequin Fuel Points are fully bunded and designed to safely store and dispense fuel.

Standard with all Fuel Points:

Optional Extras:

- Fully Bunded
  - 56L/min 240Volt fuel pump (1)
  - 4m length; 3/4" delivery hose
  - 6m length; 3/4" delivery hose - 5000 FP
  - Auto shut-off nozzle
  - 2" BSP fill point
  - 4" lockable inspection port
- Mechanical flow meter (2)
  - 10Micron particulate fuel filter (3)
  - Electronic Level Gauge (4 or 5)

Standard & Optional Equipment:

Standard & Optional Extras:

Please note: All tank capacities are brimful. All electrical installation work must be undertaken by a registered electrician.
